## Laboratory Safety Rules

- Know the primary and secondary exit routes from the classroom.
- Know the location of and how to use the safety equipment in the room.
- Work at your assigned seat/station unless obtaining equipment and chemicals.
- Do not handle equipment or chemicals without the teacher's permission.
- Follow laboratory procedures as explained and do not perform unauthorized experiments.
- Work as quietly as possible and cooperate with your lab partner.
- Wear appropriate clothing, proper footwear, and eye protection.
- Report all accidents and possible hazards to the teacher.
- Remove all unnecessary materials from the work area and completely clean up the work area after the experiment.
- Always make safety your first consideration in the laboratory.
