BADDEST CLASS ON CAMPUS

**USF ENGINEERING EXPO  
EXTRA CREDIT ASSIGNMENT**

1. Attend the USF Engineering Expo.
2. Interview an engineering student, an engineering professor, and a professional engineer. If you can't get all three, you can do two of one, but not all three from the same background. Fill out the information below and summarize the discussion. The goal is to find out something about either becoming an engineer or being an engineer.
3. Bring back as many free pens, pencils or other good freebies as you can.
4. This assignment, if completed in its entirety, is worth *either* 5 Bonus Points or 2 Homework Passes (possibly more if you bring back a lot of pencils).

**Engineering Student**
